

# THE BLAIRMORE ENTERPRISE

VOL. XVII, NO. 14.

THE BLAIRMORE ENTERPRISE, THURSDAY, APRIL 22, 1926.

## PIONEER OF FRANK PASSES

In the death of Emil Dypolt, which occurred at Frank on Saturday morning, The Pass loses one of its oldest and most respected citizens. Mr. Dypolt was a pioneer of Frank and resided there prior to the great slide. For the past fifteen years or more he has conducted a general store business. He had been confined to his bed for the greater part of a year.

Mr. Dypolt was fifty-three years of age and is survived by a widow, a grown son and daughter and three smaller children.

Funeral took place on Monday and the remains were laid to rest in the Blairmore cemetery.

Floral offerings included the following: Wreath from the Frank Club, spray from the Crows' Nest Pass branch of the Retail Merchants' Association, wreaths and cushion from Mrs. Dypolt, and children wreath from Emily, wreaths from the National Slovane Society and the Bohemian Club.

Mrs. Dypolt desires to thank the many friends who assisted during the illness of her husband, particularly remembering the Veprava and Rezeka families.

## BLAIRMORE TO HAVE NEXT MUSICAL FESTIVAL

At a general meeting of the executive of the Crows' Nest Pass Sunday Schools Musical Festival, held at the Greenhill hotel last night, it was decided that Blairmore should be the centre in which next year's festival would be held.

Taking all things into consideration, it was found that Blairmore had advantages in that we afforded the largest accommodation in the opera house of any building in the district, and besides, being in the centre of the population, we offered the highest guarantees, both for attendance and financial support.

The report of the secretary-treasurer was submitted and showed that a substantial surplus was being held over towards next year's festival.

Towards the recent festival, substantial financial contributions were received from Pincher Creek, Cowley and other towns.

In all probability, next year's programme will extend over a three-day period.

Constable Clancy, A.P.P., visited the boys of the local detachment during the week. Clancy was at one time stationed at the famous "booze gate" west of Coleman.

## COUNCIL DECIDES ON TREE-PLANTING CAMPAIGN

At the regular meeting of the town council on Monday night, it was decided to plant a double row of balm of Gilead trees along the south side of Victoria Street from Sixth Avenue to Twelfth Avenue, and from Fifth Avenue west to the Greenhill hotel lawn. It is planned to plant about six hundred to one thousand trees, and the work proceeds at once.

The council also entered upon a contract with Messrs. Ennis and Sartoris for the grading and surfacing of Victoria Street. In addition to this several side streets and avenues are to be repaired. On motion, the mayor was asked to proclaim a civic holiday for the purpose of a clean-up and tree-planting day.

Letter was received from Hon. Alex. Ross in connection with local relief work. Mr. Ross promised to visit Blairmore some time this week to go into the matter with the council.

A number of accounts were passed for payment.

A letter of thanks was received from the C.N.P. Musical Festival Committee for the town's donation towards the festival funds.

A communication was read from W. D. Spence, deputy minister of municipal affairs, advising the town to adjust the municipal assessment that the sum of \$600 could be raised this year for supplementary revenue purposes.

## ELK BENEDICTS ENTERTAIN BACHELORS

Following the regular convention of the local lodge of Elks last night, the bachelor members became the guests of the benevolent to a grand concert and luncheon. A splendid programme of vocal and instrumental music was rendered, contributed to largely by Messrs. Cox, Griffiths and others of Coleman; Miss Alice Hornquist (piano), R. W. H. Pinkney, R. Wooton, Scottie Breckenridge and others from Blairmore. Mr. Upton's Tuxis orchestra rendered several pleasing selections. The chair was occupied by Mr. Gillis, the exalted ruler, while the programme arrangement was in charge of Mr. Moses Johnson. A pleasing and interesting part in the programme was the presentation of past exalted ruler's jewels to Messrs. L. L. Morgan and R. Gray. The presentation was made in fitting way by Mr. Gillis.

It is hoped to have the ladies present at the next social evening.

## PRESENTATION TO FATHER COSMAN

On the eve of his retirement from the pastorate of St. Anne's church here, a donation from the congregation was made upon Rev. Father Cosman on Thursday evening last and presented him with a purse and the following address:

"Rev. P. J. N. Cosman,  
Blairmore, Alberta.

Dear Father Cosman:

It is with very keen regret that the parishioners of St. Anne's have heard of your resignation as their parish priest. You have been with us since 1917, and the intervening period may probably be considered an epoch in the spiritual and material growth of the Catholic church in Blairmore and its vicinity. The result, under God, we heartily attribute to your untiring and persistent effort.

Nine years ago you found Blairmore an unorganized outpost of Catholicity, despite the zeal and fervor of those who preceded you, but leave it a well organized and well equipped parish, practically free from debt. Your well known modesty discourages us from recalling here how much of this is due solely to you, but we should be doing little justice to this occasion if we did not recall your unwavering zeal for the spiritual good of those who have been committed to your care, your happy faculty of obtaining and keeping the deep respect of all, irrespective of denomination or belief, and your fatherly interest in the children of the parish. These will ever be remembered by those who profited by your endeavours or had the blessing of co-operating with you in their achievement.

We must also recall that our beautiful church, our parochial residence and our excellent church equipment are the result of your unremitting devotion to the service of God and the welfare of your people. These, we trust, will long stand as a memorial of your nine years' pastorate in Blairmore. So monumentum requiri, circumsice.

In parting, we ask you, wherever you may be called to serve as a minister of God, to pray for the spiritual and temporal good of your old Blairmore flock as thoughtfully and as sincerely as you have done since coming here. We feel sure that you will always remember us when offering the Holy Sacrifice, and when you find it possible to revisit the field of your nine years' service, we trust that you will give us the opportunity of extending to you a grateful welcome.

Please accept this small gift with our earnest hope that you may be spared for many years to serve our Holy Church with the same unselfish devotion as you have served her here.

Signed on behalf of  
The Parishioners.

Father Cosman left by last night's train for Calgary, thence to Rochester and other points east, eventually hoping to reach his old home in Nova Scotia.

While strolling along First Street west in Calgary on Sunday last, The Mail reporter chanced to look in a jeweler's window. A photograph of a gold mining scene caught his eye and on close inspection it proved to be a Kodak snap of E. T. Fitzsimmons and Tom Magee, panning out gold in the Caribou country. Both these men are well known oldtimers of Drumheller. E. T. Fitzsimmons being at one time secretary of the Red Deer Valley Coal Operators Association and Tom Magee was in the early days of Drumheller, a member of the town police force. A display of gold nuggets was also in the window, with an essay sheet showing what the gold was worth. It is reported that these two former Drumheller men are "making good" on their gold claims.

Oranges, 3 dozen \$1.00, etc.

Fresh Cauliflower, Spinach, Tomatoes, Hd. Lettuce

## BLAIRMORE GOLF CLUB

The first competition, men's hole and hole elimination, starts at once. See the draw posted in the clubhouse and watch for further notices regarding other competitions.

The prizes in this competition are donated by Mr. J. H. Farmer.

Following is the draw as posted:

R. Gray	18
O. E. Whitedale	16
G. Clickshank	18
G. Stevens	11
C. Emerson	14

## MINERS TO HOLD MONSTER PICNIC IN BLAIRMORE

Miners from the Lethbridge district will invade Blairmore on June 29th, when a big picnic and convention will be held. It is expected that at least two thousand men will come in from outside points and these will be augmented by local forces, making the picnic the biggest event of its kind in the history of Southern Alberta.

## CHARGE AGAINST EARL SOHMAN

Frank Eight, 49, stated to have been a town clerk in Alberta, and now a secretary, of Earl Sohman, was remanded in custody at Bow Street Police Court on a charge, under the Fugitive Offenders' Act, of stealing \$2,000 dollars in Canada.

Detective-Inspector Yandell, of Scotland Yard, said that Eight was given into his custody at Framlingham Police Station. On the way to London he said: "The auditors at Blairmore, Alberta, where I come from and where I was Town Clerk, might have found a few mistakes in my accounts since I left there last August, but I have not stolen \$2,000 dollars." — From the Suffolk Chronicle and Mercury, of Friday, March 19.

## CHURCH OF ENGLAND, ST. LUKE'S, BLAIRMORE

Services on Sunday next will be as follows:

9:45 a.m.—First Communion (choral).

11 a.m.—Matins; preacher, Rev. W. Barlow, followed by Holy Communion (plain).

2:30 p.m.—Festival of the Catechism.

On Sunday evening last the Lord Bishop of the Diocese visited the above church and administered the holy rite of Confirmation.

BELLEVUE—Matins and Holy Communion at 12 noon. Rev. H. Laurence Nobbs will officiate.

Volunteers are wanted for the choir of St. Luke's church, Blairmore. The offering on Sunday at 11 a.m. will be in aid of the clergy, widows and orphans, and superannuation fund. The Lord Bishop of Calgary will retire in August. Mr. D. G. Mackenzie has been appointed to receive subscriptions towards a fund to provide for an adequate pension.

H. Laurence Nobbs,  
Priest-in-charge.

## DEATH OF MRS. W. GOODWIN

The death of Mrs. William Goodwin occurred at Bellevue on Tuesday morning, at the ripe old age of 71. Mrs. Goodwin had recently underwent an operation.

One son, Andrew, passed away but four weeks ago, and his aged mother, then quite frail and hearty, attended the funeral services of her son.

She is survived, besides her husband, by several sons and daughters and a large number of grandchildren.

Interment takes place at Bellevue this afternoon.

## MRS. MCKINNEY

Large audience gathered at the home of Mrs. McKinney at the Union Hotel on Sunday morning and evening last and were treated to able discourses on each occasion. Mrs. McKinney has the unique distinction of being the first woman parliamentarian in the British Empire. She was member of the Alberta house before the idea of woman representation in the British house was ever thought of. Music at both the services on Sunday was led by the Tuxis orchestra.

The city council of Fernie has passed a bylaw providing for the payment of five dollars to each member of the council attending any regular or special session of the council.

WORLD HAPPENINGS  
BRIEFLY TOLD

Luther Burbank was buried under the old Lebanon cedar tree that stands in a corner of his garden, across the highway from his home.

J. S. Woodsworth, Labor, Winnipeg North Centre, presented a petition in the house urging the payment of pensions to the blind.

The auxiliary schooner, *Elf Morristown*, owned by Captain Robert Bartlett, of St. John's, Nfld., is being outfitted at Brigus for an expedition to the Arctic during the coming summer.

Silver plate and trophies from the German battleships Scharnhorst and Leipzig, sunk by the British off the Falkland Islands, have been discovered at Sydney, N.S.W.

Just after leaving Hong Kong harbor on a trip to Singapore, the British submarine L33 collided with a ferry boat. There were no casualties, but the submarine was badly crippled.

The fortified island of Relying off La Rochelle, believes it holds the world's record for the scarcity of the bob among its female population. In a population of 11,000 there is only one bobbed female head.

Eamonn De Valera, who recently resigned from Sinn Fein when the extremists among his republican followers refused to accept his proposal to compromise with the Free State, is forming a new organization to work for Irish freedom.

An air service across the Arctic, or at least the sub-Arctic regions, should be in operation within a few years, in the opinion of Commander George P. MacKenzie, who is in charge of the Canadian Government expedition which yearly visits the government posts in the far north.

Another score of bills designed to enlarge quota under the immigration restrictions law were rejected by the U.S. Senate immigration committee.

A million dollar art museum is to be erected at Yale University to house the rare and valuable collections now in its possession. The donors are anonymous.

The directors of Barclays Bank, London, in announcing a pension scheme for women employees, state that on marriage women will be required to relinquish their positions on the staff. They will then receive a gratuity equal to 5 per cent. of their annual salary for every completed year of service.

## Convicts Whine Over Trifles

Modern "Bad Man" Not Old Hard-Bodied Type...

Convicts these days are not the old hard-boiled type of times past—men who were really tough and gloried in it and could take or give a blow with out any fuss.

The modern "bad man" is more the afternoon tea and powder-puff variety who suffers from "nerves" and likes to cry about it.

This is indicated in the latest prison report of the governor of Dartmoor Prison which for generations has housed desperate criminals.

"The present-day convict is far better educated than his confreres of olden days," said the governor, "but he is softer and more apt to whine over trifles. Assaults are almost unknown, but petitions are becoming a cult."

## Favorable Trade Balance

A balance favorable to Canada was maintained in the trade of the Dominion up to the end of February, a statement issued by the bureau of statistics shows. In that month imports to the value of \$70,908,980 were recorded, while imports were valued at \$87,512,147. For the twelve-month period ended February 28 last, exports reached a value of \$1,297,744,683 and imports \$911,107,056.

A pedestrian used to be a person who walks. Now he jumps.

Hawaiian Mermaid Sets  
New Swimming Mark

Miss Marjorie Wehual, famous Hawaiian swimmer, of Honolulu, has broken at the Crystal Gardens, Victoria, where she recently wrested Canadian swimming honors from Miss Hazel Keeler, of Winnipeg. In the 230-yard indoor swimming competition, making the distance in 2:52.2-5, the previous record for Canada being 3:15.2-5 made by Miss Keeler, at Winnipeg, in 1923. Since the opening of the Crystal Gardens by the Canadian Pacific Railway last season, this is the second time that swimming records have been broken in its 150-foot tank. Just a few months ago the famous Johnny Weissmuller and Conrad Milo, of the Illinois Athletic Club of Chicago, made new world's records there, bringing the attention of swimmers everywhere to this already well-known sea-water tank on the British Columbia coast.

## Tenderfoot Kills Famous Grizzly

Hunted For Deeds Falls Victim To  
Tenderfoot

The famous old grizzly bear, Eleven Inch, which has been hunted by parties of big game hunters from all over the country for more than a decade, is dead at last, shot by a rank amateur armed only with a .32 calibre automatic pistol. Eleven Inch was given his name because of his immense feet; as demonstrated by his tracks in the mud. Other grizzlies measured up to seven and eight inches, and sometimes an extra large one would measure eight and one-half inches, but the famous big fellow topped them all with an eleven-inch paw.

He was shot in the foot, of course, until after he was killed, but his footprint was known to all—Rocky Mountain News.

Eat Apples With Skin On  
Apples are more beneficial if eaten with the skins on, and also cooked with the skins on, because next to the skin comes a mineral and vitamin which the body needs. These are removed if the apple is peeled.

War relieves the density of population, but diplomats remain just as dense.

Some bare-faced lies are old enough to have a full beard.

It isn't always the loser in a pugilistic contest that gets the swelled head.

## Children Looking For Work

190,000 in England Have Been Released From School

More than 190,000 British children who had attained the age of 14 were released from school and placed on a labor market which has little place for them.

In the past children were permitted to leave school on turning 14 years of age, and it was possible for them to be absorbed in industry and commerce gradually.

Under the new system children who become 14 during a school term may not leave school until the end of that term. This makes it many applicants for positions the same time that employees say many of the children must necessarily remain idle for a considerable time before they can be absorbed into the industries.

ECLIPSE FASHIONS  
Exclusive Patterns  
by Hazel Keeler

Princess Frock of Charm

This one-piece model of Chinese damask has kept itself as simple as a smart frock can—but it just enough to help bring grace to the lower edge. The waist part of the dress is cut on princess lines, slightly molding the figure. The V-shaped front opening is a very important feature, and so is the belt at the waist—and this dress has both. The long plain sleeves are finished with tab cuffs. No. 1245 is in sizes 36, 38, 40 and 42 inches. Price 28-38. It requires 3 yards 54-inch material, with 1/4 yard contrasting for rever fedges. Price 20 cents.

For the latest news in fashions, see in good taste, rather than a lavish expenditure of money. Every woman should want to make her own clothes, and the home dressmaker will find the book most helpful. The "Princess Pattern Book" is practical and simple, yet maintaining the spirit of the mode of the moment. Price of the book: 10 cents the copy.

Some people who are in the social swim find it difficult to keep their heads above water.

It isn't always the loser in a pugilistic contest that gets the swelled head.

The live subject of taking care of themselves, the most important in the world—E. W. Howe's Monthly.

## ON THE AIR

What is Doing in the World of Radio

Exports of radio apparatus from the United States to the remainder of the world have risen in six years from an item of less than \$1,000,000 to one that in the year just past was only a few dollars short of \$10,000,000.

South Africa is expected to follow the lead of Great Britain in licensing broadcast receivers, according to advice. A heavy penalty will be imposed on those who fail to comply with the licensing regulations.

Station KPFJ, Oklahoma City, has been made defendant in a \$20,000 libel suit. The suit concerns statements made by Rev. Lincoln McConnell while the station was leased by him.

Sir Harry Lauder, world famous Scottish comedian, was able to save the price of a telegram while in London. He was broadcasting from station 2LO and, knowing that his wife who was in Glasgow was listening, he included a short message to her.

Radio broadcasters are eternally on the watch for promising material for their programmes and hold regular auditions for that purpose. Out of the pack of the ordinary and average at times there emerges a distinctive voice or a splendid musician who compensates for the rest.

An interesting record in long distance radio reception on a moving train has been established by the Canadian Limited. The measurements express of the Canadian National Railways, in picking up and holding for thirty minutes a broadcast from Vera Cruz, Mexico.

An automatically controlled radio telephone service is in operation between two private stations, one in Honolulu and the other on the Island of Lanai, 60 miles distant. The system includes a bell ringing device to notify one end of the "line" that the other desires to converse. Power is supplied by storage batteries.

Healthy Body Able  
To Resist Cancer

German Doctor Proved Statement By  
Experiment On Himself

Caucasians are not contaminated when brought in contact with a healthy human body, in the opinion of Dr. Hans Haeckel, of the surgical staff of Koenigsberg University. Dr. Kurtzahn astonished a convention of German surgeons in Berlin by reporting that he had experimented on himself, transferring a patch of cancerous growth from a patient's pectoral gland to his own thigh. The cancer cells, he reported, died shortly, being unable to live in a healthy body.

## Canada's Large Shoe Output

Statistics received by the Bureau of Statistics from 141 boot and shoe factories, out of a total of 158 factories in operation in Canada, show that 1,98,661 pairs of leather and felt foot-wear were manufactured during the month of January last. This total comprised 1,149,198 pairs of boots and shoes with leather or fabric uppers, and 49,463 pairs of felt footwear of all kinds of cloth slippers for house wear. These totals are exclusive of moccasins and Indian moccasins.

## Sails For North Pole

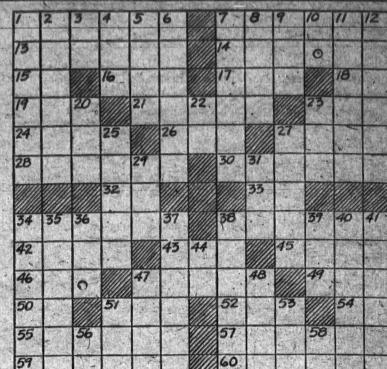

Lieut. H. B. Hynd, who was one of the fliers who circled the world for the United States navy, has sailed for Polar regions, his expedition being financed by several wealthy American business men. He will strive to locate the North Pole and will make scientific observations during his flight.

## Study Of Dead Things

Millions of young people have spent years in school and college studying dead things without learning anything of the live subject of taking care of themselves, the most important in the world—E. W. Howe's Monthly.

A man frequently loses interest in a subject as soon as his argument is exhausted.

## OUR CROSSWORD PUZZLE

Horizontal  
1- To dilute. 10- Eskimo. 12- The period of minority. 13- Form of justice. 14- The armful. 15- Inclination. 16- Prefix; twice or doubly. 17- Egg of an insect. 18- Printer's measure. 19- The warp in the weaver's loom. 20- Quick; fast. 21- Do excessively. 22- The conductor of an amateur band. 23- The constructor. 24- Musquitoes,itching. 25- Sudden, noisy blow. 26- Draw over a surface roughly. 27- The diffused. 28- Perform. 29- Within. 30- Characteristics. 31- One who restores to health. 32- City in Nevada. 33- Crude metal. 34- Ambush, bathe oneself. 35- Tarnish. 36- Mixtures of hall and rain.

Vertical  
1- Constituent, matter of anything. 2- Language of the Amazons. 3- Negative. 4- Embolus; make ready. 5- One's entire property. 6- Medicines that invigorate. 7- Greedy. 8- Greedy. 9- Equality. 10- Prefix meaning not. 11- Ancient Greek roofed theatres. 12- The Royal Academy. 13- Consolation or comfort. 14- Handed to. 15- Greed behind. 16- Note of the scale. 17- Name or cut; rent. 18- Weary. 19- Associate of the Royal Academy. 20- Anchors. 21- The Story of Cain and Abel. 22- Bored. 23- Bored. 24- Bored. 25- Bored. 26- Bored. 27- Bored. 28- Bored. 29- Bored. 30- Bored. 31- Bored. 32- Bored. 33- Bored. 34- Bored. 35- Bored. 36- Bored. 37- Bored. 38- Bored. 39- Bored. 40- Bored. 41- Dwelt. 42- Dwelt. 43- Dwelt. 44- Dwelt. 45- Dwelt. 46- Dwelt. 47- Dwelt.

## SUNDAY SCHOOL LESSON

APRIL 25

THE STORY OF CAIN AND ABEL

Golden Text: Am I not my brother's keeper? Genesis 4:1

Epistles: Romans 12:10

Devotional Reading: 1. John 4:16-21

Explanations and Comments

1. The Occupations of Cain and Abel, verses 1, 2.—To Adam and Eve two sons were born, Cain and Abel. The first was fit for the herdsman, the second for the tiller of the ground. Cain became a tiller of the ground, a husbandman, and Abel a keeper of sheep.

II. Two Sacrificial Offerings, verses 3-5.—The two brothers brought each an offering to Jehovah: Cain's offering was the fruit of the ground, Abel's firstlings, of which were offered sacrifices. Compare Lev. 18: 33. "The origin of sacrifice is not explained, nor is it an absolute command. Man is assumed to be nature and capable of holding converse with God." Worship was man's natural right, but the offering of sacrifice was his outward expression. (Dr. Herbert E. Ryle.) "From the Abel onwards, sacrifices are uniform, and the meaning clear, set before us as the way of approaching and holding fellowship with God, till we have the sacrifice of our Savior Jesus Christ."

## Women Doctors Successful

Dr. Louise Alder-Blake, whose first practice at home was \$24,000, now only one of several women doctors who have made fortunes in medicine. A woman doctor in Westminster is making an income of probably \$2,000 a year. Medicine is much more profitable for women than law, for there must be at least half a dozen women doctors in London making \$2,000 a year.

A man frequently loses interest in a subject as soon as his argument is exhausted.

## Gov.-General's New Limousine

The Finest Car Ever Produced in the Dominion

The fact that the governor-general's new limousine, presented by Canadian veterans, is the finest car ever produced in Canada is said to be largely due to the fact that war veterans employed in the plant at Oshawa where the car was built, made a special drive on the job.

Everything, for "Byng's" car, got extra service and the men put the extra work into it as their contribution to Byng's gift. The presentation of the car was not the complete story, for the veterans have also provided for its insurance and even its transportation to London when his excellency returns to the motherland.

Perfect Strangers

Frank A. Munsey told a story about a feast that Jupiter gave to all the virtues. The virtues were very jolly and sociable at the feast. The two of them—two of the most beautiful of them—seemed stiff and constrained. In each other's presence, "Accordingly, Jupiter took the one virtue by the hand and led her to the other. Benevolence," he said—"your sister, Gratitude." The two virtues were indeed astonished. This was the first time since the creation of the world that they had ever met."

## INTRODUCING COUSIN DORA

Strange, Romantic Love Adventures of the Hopper you know  
**Joanna**  
 by H. L. GATES

Copyright 1925 by H. L. GATES

Published by arrangement with First National Pictures, Inc.

## CHAPTER II.—Continued.

Perhaps nothing else could have so completely restored the equanimity of Joanna. Somehow it brought her back to a realization of her fitness to meet and conquer all things—either her boss's chauvinist after her, or her boss's banker before now.

She was in the world chaptered under the shining gold-brown of her ultra-modish bob as she followed the ubiquitous doorman into the marbled vastness of the metropolis bank and up to the door that bore the legend, "Andrew Eggleston."

## CHAPTER III.

In the great, marble corridors of the banking institution, one of the principal hubs around which the financial affairs of a nation revolved, "Miss Twenty-seven of the silks" felt very

after the fashion of Barrie. But of later years the faulter had not danced in Joanna's soul. There was laughter there, and, many, many dreams; but no illusions.

So Joanna, convinced against her that something tremendous was happening to her, scorned herself for admitting such a possibility. She wanted to catch her guide, the liveried attendant, by the sleeve and force him to give her an accounting of his observations 'o her. But perhaps not far from her wisdom, the youth began to come in tremulous gams when he passed the desk marked with the name of the great man she had been told would receive her, swing inward. She heard her guide announce her:

"The lady you are expecting, sir?"

She was conscious of someone all

The felt uncomfortable. The back of her neck burned as if someone were looking at it.

small, and useless, indeed. Something of the same sense of the futility and all her pretences, all her strategies to impress the world as one who had many more oh, many more pairs of sheer silk hose than the one pair she really had, settled down upon her. It was again the feeling that depressed her while she sat, waiting, in the "Old Man's" office a few minutes in Mr. Graydon's office and when she entered the car she had stood aside from her and looked at "Miss Twenty-seven" as Joanna manners, rich beyond dreams, suddenly announced prostrate of some mysterious golden benefactor. This was after all, matter of fact, material after all, she had believed in fairies. A little later than that time before both mother and father passed away from her, she even entertained some of her fairies in her own imagination, peopled her dreams with them.

## YOUNG WOMEN SUFFER MOST

These Two Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Ayer's Cliff, Quebec.—"I have been taking Lydia E. Pinkham's Vegetable Compound to me

and I heard many women telling how good it was so I thought it would help me. Now I take it in two tablets every year and recommend it to others." —DONALD FANTEUX, Ayer's Cliff, Quebec.

## "Unable to Work"

Canning, Nova Scotia.—"I had irritable bowel and constipation at those times, the pains causing vomiting and fainting. I was teaching school and often for some hours work. Through an advertisement in the papers I knew of Lydia E. Pinkham's Vegetable Compound and it was great benefit to me, that troubles being completely relieved."

LAURA J. EATON, Canning, King's County, Nova Scotia.

## "DIAMOND DYE" ANY GARMENT, DRAPERY

Just Dip to Tint of Boho to Dye

— Each 16-oz. pack. contains diamond dye so simple any woman can tint soft delicate shades of dyed rich permanent colors—silk, rayon, cotton, silk stockings, skirts, waist, dresses, coats, stockings, sweater, draperies, curtains, linings—everything—

Buy Diamond Dyes—no other kind—will tell your druggist whether the material you wish to color is wool or silk or whether it is linen, cotton or mixed goods.

Body I knew every who could leave me a million pennies let alone dollars except an uncle and he couldn't because I had to die up two dollars a week for a year to pay the instalments on his funeral. And I want to go back to my job or old Good Morning—I mean the department manager, will be as sore as a billy goat—I mean he'll be angry. Please, Mr. Eggleston, what's all about?"

Strangely, the girl's frantic plea affected the two men in the room differently. Eggleston nodded his head quiescently as if he agreed that something should be done to clear up the financial difficulties and, with a smile, said, "The girl's mind is healthy and he seemed agreeable, pleasantly, as if warmed by some inner satisfaction. But the smile that had been about the mouth of the other man, whose presence Joanna had not yet detected, suddenly vanished. He regarded the back of the girl's neck, his gaze seeming to reach around and encompass her, with a new sort of interest. Still, there was doubt in his eyes.

The banker reached into his table drawer and brought out a folded check book, the daintier kind that are shaped for the hand bags of women. With elaborate pains he opened the back, bent back the crease in the sheet of blank checks which it contained, and thus spread out, he shoved it toward Joanna's hand. From his pocket he took his own gold round pen, opened it and held it out to her.

"Isn't there a horrid saying that—something like this?" he said. "The proof of the pudding is in the eating?" It seems that I have heard that expression, and it is very apt, though a little old fashioned, perhaps. You may draw your first check for whatever amount you like. I will have the money brought you."

Joanna looked at the unfamiliar check book at the fountain pen which she had taken involuntarily, and then at the banker.

"I am sure Mr. Graydon explained to you, or didn't? That you are not to know the answer to either of those two questions yet. Someons who wants to you it, someone whom the bank and I, know very well and in whom we have complete trust as to his motives, has put the funds at your disposal." He had to repeat the last sentence, until such a time as he may give further directions."

"You mean that after a while he will give me directions?"

"Not at all." And in the time of the banker's promise, more than in his words, Joanna knew that, whatever might be the outcome of this fantastic conversation, she would not need ever to ask that question again.

(To be continued.)

### Teaching Is Good Training

Many of Canada's Prominent Men Have Taught School

The new premier of Saskatchewan was for many years a school teacher. The new premier of Alberta was for a few years a school teacher. The premier of Manitoba was a high school teacher. An examination of the list will show that most of the men who have held the highest political positions or on them in their life taught school. There is something in the honorable profession which influences for good the members of the profession. The successful teacher must discipline and be disciplined. He must be tactful and he must be thorough. The best training for a public man in Canada is a few years as a school teacher—Calgary Albertan.

Large Exporter Of Dairy Products

It is estimated that during the past year 60,000 cases of eggs and 5,000,000 pounds of poultry were exported from Alberta to Eastern Canada and the British Isles. It was only a few years ago that Alberta was a fairly extensive importer of eggs and poultry, but active campaigns by the Provincial Government and other interested bodies, have reversed the situation.

## Spanish Contractor Makes Rich Discovery

Finds Ironbound Trunk Said to Contain Pirate's Treasure

A discovery with all the smacks of old-fashioned romance, has been made at the ancient Galician village of Moscavie, near the city of Pontevedra.

A contractor named Manuel Benito was excavating the foundations of a new house when one of the workmen struck a hard, metallic object with his pick. It turned out to be a thick iron trunk, bound with heavy hoops and is stated to contain a rich treasure.

It is supposed to be one of the trunks smuggled ashore at Pontevedra in April, 1823, by the famous Galician pirate, Benito Soto, who was galloped a few years later at Gibraltar along with a number of other desperados.

According to official data published in 1823 by a ship captain named Lasaosa, Benito Soto, had left Brazil towards the end of 1823 in a brigantine which landed him near Pontevedra. The pirate had amongst his belongings two heavy trunks containing the gold and principal object of value of which he had rob-

The trunks were never more heard of and it is now presumed that they were buried at Mousende, near a house which Soto had acquired, and where he sometimes passed a few weeks with his uncle.

Benito Soto apparently only remained ashore during the time the treasure was being buried, and was not heard of again in Galicia. His next adventure was a fight with some Saltee pirates of Mogador, after which he fell into the hands of a British sloop which conveyed him and his crew to Gibraltar. He evidently had no opportunity to convey to his friends the whereabouts of the buried treasure. His secret died with him.

## CANADA'S KEY PROBLEM

At the recent Dominion boards of trade convention at Winnipeg a great variety of problems affecting the different sections of Canada from the Maritime provinces to British Columbia were discussed at length. It was most significant, however, and the fact freely commented on, that upon analysis the solution of each of them was found to rest almost entirely on the rapid augmentation of Canada's producing and tax-paying population. There was no difference of opinion whatever on that fundamental point. Speaker after speaker brought it out clearly and conclusively. Very few resolutions were passed at this important gathering and the one dealing with the colonization question was undoubtedly the most emphatic and constructive of them all. It reflected in part:

"That this conference respectfully urges upon the federal government:

"The immediate creation of a small, non-political advisory board or commission on Colonization and Agricultural Development, composed of Canada's leading experts on the subject and skilled business executives, such persons to be invited to contribute their time and skill as a matter of public service and without compensation other than expense allowances."

"The early investigation, in co-operation with the proposed advisory board or commission, of the feasibility of a great Agricultural and Colonization Forward Movement, including a scheme of moderately assisted settlement available to desirable agricultural settlers of British, European and American origin, carried out in conjunction with the Canadian railways and other land owning bodies, this movement to have due regard to the needs of any opportunities in every part of Canada and particularly to the need of replenishing the rural population of the Maritime provinces and repatriation of the former Canadians and their dependents now living in other countries with special reference to former French-Canadians now resident in the New England and Atlantic States."

Broadly speaking, it is a fair statement that Canada has not for many years, if ever, had what might be termed an intelligent and comprehensive immigration policy, or, for that matter, any intelligent national development policy. We have been drifting aimlessly, wasting much of our time and energy on political squabbling, while constructive thinking on this vital subject has been relegated to the background. The nearest we have come to any sort of ideal, or consensus of public opinion, has been a tacit agreement to blindly follow in the administrative footsteps of the United States, without any reflection upon the palpable fact, that we have neither the great variety of resources of that country, nor its wide range of climate conditions, and consequently, could not safely set up that particular civilization as a standard or model for Canada.

How \$5000, saved by thirteen years of hard toiling in the Leithbridge mines, was taken from him by means of a confidence trick was related by John Nucovitch to Judge Cusin in a Montreal court, when Stephen El'ovitch, alias Mike Miller, appeared for preliminary enquiry on a charge of theft. Voluntary statement was ordered for April 22nd. Montreal Gazette.

BURBANK GARDEN TO BE  
CARED FOR SAYS HIS WIDOW

He who does not investigate the symptoms of tuberculosis because of fear of the truth that might be revealed, is like unto the man who smells smoke but does nothing because he is afraid that his house is on fire. So spoke Dr. A. H. Baker, of the Keith Sanitarium, in an address

before the students of the Institute of Technology and Art at their weekly meeting in Calgary recently. His subject was "Tuberculosis," and he spoke optimistically of what public health work is doing, the reduction of the tuberculosis death rate and the prospects of recovery.

Public health, Dr. Baker said in opening, had a decided commercial and economic aspect. Returns are in direct proportion to what is paid. To illustrate his point, he told of the seven-year public health programme that had been initiated in Framingham, Mass. In that town the death rate had been reduced 48 per cent and the tuberculosis death rate 68 per cent. For this improvement each citizen paid \$2.75 instead of 40 cents, as before the programme began.

In Alberta in one year, 265 people were killed by the disease. One-quarter of them were under the age of 15 years. The majority of them were between the years 20-30. The disease is peculiar, he said, in that it will attack all parts of the body and is not localized. The public does not realize this.

The public does not easily recognize the disease in its early stages, he continued. The disease is a very minute form of vegetable life—possible of cultivation in a laboratory, appearing a yellowish gray color in quantities. The individual germ is transparent and has to be dyed before it can be seen.

Some people think, because they themselves are well, that there is no reason why they should be interested in public health. They are like the farmer who has all the weeds cleared off his own farm, but lives beside a man who allows the weeds to grow. They both suffer, Dr. Baker said.

It is very seldom, if ever, that a baby is born with the disease. It is particularly an established fact that the disease is not inherited. The disease is often acquired after birth.

In Denmark, experiments have been conducted with calves. The calves have been taken from tubercular cows immediately after birth, given free milk and have been found free from the disease. Nearly all children who acquire the disease in the first year of their life die. Sixty per cent of the population are harboring the germs of tuberculosis at the time. Of course, between one and two per cent become actually sick.

Listing the symptoms of the disease, Dr. Baker said that the first and most important one was the spitting of a mouthful of pure blood. The chances are that 90 out of 100 persons doing this are sick with consumption. It is an absolute warning. Another symptom is an attack of pleurisy or sharp pains in the side when they are not accompanied with pneumonia. A hacking cough that lasts for several weeks is another.

An ordinary cold should pass off in 2 weeks' time, he said. In young people, if they find they are lacking in their accustomed pep and strength and losing weight, they should take warning and have an examination. Phlegm or sputum coughed daily when it is not usual and not acquired with a cough is a warning.

In concluding, Dr. Baker gave figures regarding improvement in the Canadian death rate during this century. In 1901 the death rate was 180 in 100,000. In 1924 it was 85 in 100,000. In answer to a question Dr. Baker said that the chances were for complete recovery from an attack of the disease. Scores get better that never knew they were sick. Some may not get complete recovery but will live out the ordinary span of life and will be happy. They will belong to that aristocratic class of the non-tubercular.

W. G. Carpenter was chairman of

## DISMISSAL OF TEACHERS

SANTA ROSA, Calif., April 18.—Just as the plants which Luther Burbank nurtured so tenderly still live now that he has gone, so will the work he planned be carried on by those left behind.

"The spring planting will not be discontinued," said Mrs. Burbank today. "This is the growing season and my husband's plans will be carried on."

Members of the Burbank household, including his many expert gardeners, are expert naturalists, and they will be able to propagate every species which Burbank developed, if not display his wizardry in creating new flowers or vegetables.

Alex. C. Martin of Huntington, W. Va., arrived at Burbank's home some weeks ago to take a post as student assistant. He may remain and help carry on the work.

The Burbank properties are valuable ones and the beauties of nature which the gardens contain are too precious to let die, now that the master who created them is dead.

Stanford university may take over Burbank's experimental farms at Sebastopol, near here, but in the smaller gardens near the residence the man who served him so faithfully during life will carry on.

Santa Rosa continued in sorrow today, awaiting the memorial service tomorrow afternoon, in tribute to its first citizen. Schools are closed and it was announced that the annual rose festival, scheduled for next month, has been canceled for this year. Burbank was to have crowned the festival queen.

Just at sunset tomorrow, shortly after the memorial service in a local church, is concluded, the body of the naturalist will be laid away under a Lebanon cedar tree in Burbank's garden, across the street from his home.

The burial will be private, with the widow, a few old retainers and two or three personal friends gathered around the grave, dug beneath the tree in the soil which Burbank so often turned with his own hands.

## THE USELESS "GOOD CITIZEN"

There is a certain type of man in every community who poses as a good citizen. He breaks no laws, lives morally, pays his honest debts and is never tangled up with the law in any manner. But he lives of himself, by himself and for himself exclusively. When the call is issued for volunteers to put across a community movement and give a boost, he never answers. When calamity has befallen people in certain localities and charity flies to their rescue, he is never one of their number. When money is needed for a public enterprise, his name is never on the list.

When he sees some neighbor stuck in the mud, he deports to avoid him. In fact, if he stood on the shores and saw the ship of state sinking, he would never offer to throw out a line. And if all mankind was fashioned from this same kind of chap what would happen? There would be no churches, no hospitals for the sick, no institutions for the unfortunate, no progress. If you are to become a useless "good citizen," read this editorial again. It has been appearing in many weekly papers throughout Canada.—Exchange.

A Tibetan lady named Rinchan Lha-Mo says, "western women are not good looking," meaning Americans, English, French, etc. The lady says our women's noses and ears are too big, noses like kettle spouts, ears like pig's ears, eyes a silly blue like children's marbles, eye sockets too deep, eyebrows too much like those of monkeys. This criticism of our lovely females will amaze you, especially if you have seen a Tibetan lady, with nose flat, eyes on the outside of her face, etc.—Ex.

The meeting extended the thanks of those present to the speaker.

INCOME TAX CUT  
IN DOMINION BUDGET

Hon. J. A. Robb, finance minister, brought down the budget on Thursday afternoon of last week at Ottawa. Following somewhat the drastic cut in the U.S. income tax, the Canadian income tax has been reduced. The married man without dependents will be exempt up to \$3000 a year, instead of \$2000 as formerly. The married man without dependents claims \$3000 a year will now pay \$10 instead of \$60; earning \$4000, he will pay \$20 instead of \$60. The income tax exemptions will apply on the 30th of this month. A distinction is made between earned income and income from investments; the above reductions apply to earned incomes.

Mr. Robb announced taxation and tariff changes as follows:

Income tax reductions all along the line, exemption for married men increased. Distinction made between earned and unearned income. Exemptions are increased from \$2000, to \$3000 for married persons, and from \$1000 to \$1500 for single persons.

Receipt tax wiped out.  
Penalty post to return on Dominion Day.

Sales tax removed from a number of articles and reduced to 2½ per cent on canned fish.

Duty on automobiles at retail value not more than \$1200 and on motor trucks and motorcycles reduced to 20 per cent general tariff; 17½ per cent intermediate; 12½ per cent British preference. On automobiles valued at more than \$1200, general tariff reduced to 27½ per cent; intermediate to 25 per cent; British preference to 15 per cent.

To encourage the Canadian automobile industry, drawings of 25 per cent will be paid on materials used in manufacture of above mentioned motor vehicles provided that at least 50 per cent of the cost of the finished article is produced in Canada.

In his review of Dominion finances for the last fiscal year, Mr. Robb announced:

1. Increase in ordinary revenue of \$29,965,220.

2. Surplus of ordinary revenue over ordinary expenditure of \$55,000,000.

3. Net capital expenditure for the year, \$16,935,000; special expenditure \$4,155,000.

4. Surplus of \$33,910,000 on government services.

5. Special war tax revenues \$154,680,000. Total expenditures attributable to war \$163,997,000, or \$9,377,000 more than receipts.

6. Debt reduced during year by \$22,353,000.

7. Canadian National Railway earnings for fiscal year \$33,000,000 in excess of operating and income charges. Exclusive of interest.

8. Government assistance to Canadian National in fiscal year limited to \$10,000,000 advanced in cash. No guarantees given of floating indebtedness incurred; \$10,000,000 charged to net debt of Dominion as non-active asset.

9. Canada's trade shows favorable trade balance of \$402,000,000, "which constitutes a record for any year since the war."

"The statement presented this afternoon," concluded Mr. Robb, "reflects the growing prosperity of Canada" and Mr. Robb closed with an appeal for a united Canada, a "union of all our forces under the inspiration of one ideal."

(By R. J. Deachman)

The budget delivered by Mr. Robb in the house on Thursday was the most outstanding financial statement since Fielding brought down his celebrated British preference in 1897.

A number of changes have been introduced to conform to the new treaty with the West Indies.

"We are nearing the time when the railways will not constitute a national burden, and when further guarantees will no longer be necessary," Mr. Robb said.

The budget has met with marked approval, especially from the Pro-

Trees east of the Frank side are in full leaf this week.

Big I.O.O.F. dance in the Lodge Hall next Wednesday, April 23rd.

A Frank lady spent all last Saturday by a pool in the river, watching to see the fish sitting on their eggs.

Cross crossings cautiously. Don't try to drive too fast, unless you want to drive slow about three days later.

A writer says that a man should be master in his own home or know the reason why. Married men usually know the reason why.

Hon. Alex. Ross is due in Blairmore this week end, when the grievances of the local miners will be aired for his consideration.

Mr. Murray, of Lethbridge, has assumed the management of the Greenhill hotel and cafe. Mr. and Mrs. Murray arrived here a few days ago.

Tommy Loney says that during the heat spell of last week, up near Naverton, he saw a bulldog chasing a jack rabbit and they were both walking.

John Young and Henry Young, brothers, of Little Bras D'Or, Nova Scotia, were sentenced to three years each in penitentiary after pleading guilty of robbing a store.

The Enterprise tries to keep personalities out of reports of police court cases; but what's the use, since the Lethbridge Herald misses no opportunity to give them prominence?

Mrs. F. M. Pinkney, regent of the local chapter of the L.O.D.E., is this week a delegate to the provincial annual meeting being held in Calgary. She is accompanied by Mrs. Harry Burns.

At the regular meeting of Livingstone Lodge No. 22, Knights of Pythias, tomorrow night, the officers for the ensuing term will be elected. An official visitation of the Grand Keeper of Records and Seals, Bro. Wainwright, of Calgary, will be made.

The local Oddfellows and Rebekahs will hold their anniversary ceremonies on Thursday night; next in the Lodge Hall, commencing at 8 o'clock. Refreshments will be served during the evening. All Oddfellows and Rebekahs are requested to be in attendance.

A Boston observer with a marvelous knowledge of human frailties estimates that ninety-seven per cent of the population is guilty of the art of evading the truth. The world is improving. The Psalmist said: "All men are liars." A gain of three per cent since David's time.

The man Hughes, who recently served a term in jail at Fernie following a certain letter he wrote saying that he intended to commit suicide, was taken to Lethbridge, where several charges were preferred against him. On Tuesday he was sentenced to serve two years.

DON'T MISS THE BIG DANCE to be held in the Lodge Hall on Wednesday night, April 23rd. There will be balloons, streamers and confetti. Supper will be served at midnight. Mason's four-piece orchestra will supply the music. A big time is assured for everybody, so be sure and come.

Ratepayers are wanting to know just how long they are to tolerate a position being held down on our school board by a non-property holder who is likely to spend nineteen-twentieths of his life this year in the province of Manitoba. That position should in all fairness be declared vacant and be filled by someone who is at all times available.

Progressives. It indicates, in their opinion, a willingness of the government to consider the needs of the West. The reduction of the income tax will be greatly appreciated in the East.

The budget has decidedly improved the position of the government. It has in it a spectacular and substantial contribution to Canadian progress.

BLENDED 3. INDOOR DISPLAY  
FOR SAVE THE FOREST WEEK

During the week the windows of the Morency Hardware store have been attracting no small amount of attention. These have been tastefully decorated under the supervision of Mr. J. H. Boulton, the local ranger, with fish and game trophies, together with various specimens of trees, wood and shrubbery. This display has been generally contributed to, chiefly by the McLaren Lumber Company, who have taken great pains to provide a splendid display of board specimens from, timbers cut in the Crows' Nest forest reserve. Mounted game specimens, which are many, were contributed by Messrs. Fred Kroh, V. J. Kolas, V. Ondricka, V. Zemeck, E. E. Linville, W. J. Bartlett, D. A. Howe, Tony Foch, M. A. Pruden, R. Chipman and others, and includes deer, bear, lynx, bighorn sheep, owl, partridge, grouse, trout, weasels, horned owl, flying squirrel, eagles, etc.

In connection with the display, literature of forest facts etc., were liberally distributed and lectures on forest and game protection and preservation were delivered.

In connection with this most commendable campaign it would be well at this time to quote a few of the facts concerning our forests:

Canada's forest area is approximately 1,200,000 square miles, 38 per cent of which carries timber of merchantable size. Generations of exploitation and frequent and extensive fires have removed the more accessible and valuable supplies.

Ninety-two per cent of the forest land is owned by the people of Canada through the Dominion and Provincial governments, only eight per cent being privately owned. Licenses to cut have been granted on twelve per cent of the public forest area.

Of our original forest wealth, estimated at 925 billion cubic feet, we have cut for use 120 billion cubic feet, burned 555 billion cubic feet, leaving 260 billion cubic feet standing. In 1923 alone, 4,951,000 acres were burned over, with a direct loss of \$4,694,722, including merchantable timber stampage values of \$32,523,375 and over three million acres of young growth.

The forest is second only to agriculture in the value of production. In production it furnishes twice the value of products of the mines, and ten times the value of the fisheries. Capital invested is \$666,000,000, a little over 200 million dollars in lumbering plants, saw mills, etc., 466 millions in the pulp and paper industry. Ninety-seven thousand people are engaged in the woods, the saw mills, pulp mills and allied plants. Salaries and wages in the industry total \$100,000,000 per year.

The forests provide twenty per cent of the entire freight haulage on Canadian railways. The railways use over fourteen million tons annually and almost an equal amount of timber for bridges, buildings, etc.

Every citizen should be interested in the protection of our forests, which in turn preserve our streams with their bountiful supply of game fish and our wild bird and animal life.

PROVINCIAL FORESTRY  
COMMITTEE

Realizing the seriousness of the fire, toms, yearly over-run our forests, the governor general has issued a proclamation setting aside the week of April 18th to 24th as "Save the Forest Week." The purpose of this is that everyone should take cognizance of the damage caused by forest fires and take what steps lie in their power to remedy the evil. It is a public question for the public causes 97 per cent of the fire in our forests.

In order to provide assistance to the forestry branch in carrying on the "Save the Forest Week" campaign, the minister of the interior has appointed an Alberta provincial committee. This district's representatives are as follows:

Pincher Creek—W. A. Fraser, H. Burcher; Blairmore, H. Burns.

FIRE THREATENS  
OUR NATIONAL  
HERITAGE

*Carelessness Destroys  
3,000,000 acres annually  
of Canadian Forest*

Loss of standing timber by fire continues to be appalling. On the average, over 3,500 million board feet are destroyed annually. The forests of Canada are being depleted at a rate they cannot possibly withstand; more than half of this depletion is due to fire, insects and decay. The future of the forest industry is just as dependent on the seedling trees and young growth as the pulp and paper and lumber mills, and industry generally, are dependent on mature timber—both must be saved from the ravages of fire.

In addition to the shelter afforded by the forest to the farmer and his stock, settlers in forested regions are vitally dependent on the woods for winter employment. Care with fire in land-clearing operations is all essential—burned timber pays no wages.

Canada has the finest inland fishing in the world, but these splendid food and game fish require clean, cold water in the streams to ensure prolific reproduction. Forest fires are injurious to fish life.

Game animals attract foreign tourists and induce Canadians to seek pleasure, health and adventure in the great outdoors. These animals are distinctly a forest resource—utterly dependent on it for protection and food. Forest fires are most destructive of such wild life.

Ninety per cent of the forest fires are caused by carelessness. Are you doing your part to prevent this wanton waste and destruction?

## TAX REDUCTION ANNOUNCED IN BUDGET SPEECH

Ottawa.—Hon. J. A. Robb, minister of finance, in the House of Commons brought down a budget in which he announced tax reduction affecting all classes, estimated at \$25,000,000. In this Mr. Robb announced reductions all along the line. The exemption for the married man is increased \$100 to \$3,000. In a revision of the income tax a distinction will be made between yearly earnings and income derived from investments.

In his review of Dominion finances for the last fiscal year Mr. Robb announced:

1.—Increase in ordinary revenue of \$20,000,000.

2.—Surplus of ordinary revenue over ordinary expenditure of \$25,000,000.

3.—Net capital expenditure for the year \$16,925,000, special expenditures \$4,155,000.

4.—Surplus of \$23,310,000 on government services.

5.—Special war tax revenues, \$154,500,000.

Total expenditures attributable to war, \$46,397,000, or \$49,417,000 more than receipts.

6.—Debt reduced during the year by \$22,353,000.

7.—Canadian National Railway earnings for fiscal year \$33,000,000 in excess of operating and income charges. Exclusive of interest.

8.—Government assistance to Canadian National in fiscal year limited to \$10,000,000 advanced in cash. No guarantees given of floating indebtedness incurred. \$10,000,000 charged to net debt of Dominion as non-active assets.

9.—Canada's trade shows favorable trade balance of \$462,000,000, which constitutes a record for any year since the war.

### Myers Is Acquitted

Manager of Bingo Mines Was Found Innocent of Charge

Winnipeg.—Joseph Myers, managing director of the Bingo Mines, Limited, was found not guilty by Mr. Justice Curran in the court of King's Bench. Mr. Myers was charged with making false statements with intent to defraud.

No evidence was offered by the defense after R. B. Graham, K.C., brought the Crown's case to a close.

The case closed with dramatic suddenness. Several Crown witnesses who had been subpoenaed were not called to the witness box.

All along, R. A. Donnar, K.C., senior defense counsel, had argued there was no evidence against his client and made a counter-charge that Myers was being hounded to death. The trial lasted just eight days and all through the proceedings were marked with considerable liveliness."

### Suggests Interim Report

Would Reassure Men Whose Business Suffered From Smuggling

Ottawa.—An interim report from the committee of the House of Commons which is investigating the conduct of the customs department would have a restorative effect upon Canadian business, George E. Henderson, K.C., suggested to the committee. Mr. Henderson is counsel for the Merchants' Protective Association, and he thought that a report at the present time, indicating the steps that had been taken to check smuggling, would serve to reassure many business men who had suffered thereby.

#### Forest Fire

Victoria.—With forests drying up during an unusually early period, a warm, dry weather in the relief to eight officials of the provincial forest service regard the forest fire situation on Vancouver Island with alarm. A lengthy period of drought with high temperatures, is predicted by the Dominion Government weather bureau and if this forecast is made good the island may soon face the worst fire situation in its history.

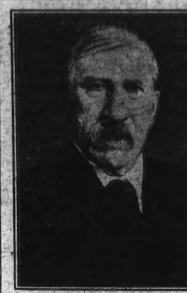

#### Electricity Bridges Distance

New York.—Electricity eliminated obstacles of distance in the meeting of the International Electro-Technical Commission, bringing the voice of Secretary of Commerce Hoover by telephone from Washington and the words of Lord Balfour by cable from London, to join the greetings of speakers of many nations.

#### Insolvency in Hungary

Budapest, Hungary.—An unprecedented wave of insolvency is sweeping Hungary. More than 1,000 business houses have failed since January 1.

### Veteran Journalist Is Dead

COL. GEO. H. HAM

### Noted Canadian Passes

Col. Geo. H. Ham, Journalist and Publicist, Dies in Montreal

Montreal.—Colonel George Henry Ham, journalist and publicist for 35 years with the Canadian Pacific Railway Company, died at his home here. Colonel Ham, who, in his 73rd year, had been ill since November, 1942, and for the past six months had been confined to his bed, died on his poor health. Colonel Ham maintained interest in home and foreign events until the end, which came with tragic suddenness. A few minutes before he died he suggested that he be moved, changed his mind and then lay still.

Colonel Ham is survived by his son, C. Norman Ham, of Montreal; two daughters, Mrs. L. M. Beard, of Montreal, and Mrs. W. S. Burley, of Vancouver, and two sisters, Miss Alice Ham, of Whitby, Ont., and Mrs. Charles Nourse, of Bridgeburg, Ont.

### Alberta Legislature Adjourns

Announcement Made That Provincial Elections Will Be Held Prior To July 18

Edmonton.—The Alberta Legislative Assembly has adjourned after having been in session since February 11. But the bill transferring the natural resources from the Dominion to the province is still pending in the Dominion house. A short session to deal with the bill will be held on or about May 5.

Premier Browne announced on Thursday that the general election would be held prior to July 18. It is thought probable that it will be the first week in July.

Following the change adopted by the British House of Commons, Alberta cabinet members will no longer have to seek re-election on appointment.

A bill was given unanimous third reading empowering the government to raise \$432,500 for capital expenditure and reconditioning of the E.D. & B.C. Railway, and \$1,300,000 to purchase stocks and bonds of the railway.

The telephone system of the province is in the object of an inquiry at the present time. While the system is generally well conducted, the rates are too low to give an adequate return on the capital investment. Much of the rural part of the system was built as a part of a colonization system and there is a question as to whether part of the cost of this should not be charged to general revenue.

On the recommendation of the agricultural committee, the house decided that the \$112,000 surplus of the 1919 Canada Wheat Board should be invested, and the interest used for the promotion of agricultural research and development of co-operative marketing.

The House unanimously passed a resolution congratulating the Edmonton Grads, world's champion girls' basketball team, on their successful tour of the United States, and wishing them every success. The motion was introduced by J. C. Bowen, leader of the opposition, and seconded by Premier Browne. It was stated that the girls were giving Alberta one of the best advertisements it had ever had.

#### Bishop Ingram to Visit Canada

Vancouver, B.C.—Rev. A. F. Wimmin, Secretary of Commerce Hoover by telephone from Washington and the words of Lord Balfour by cable from London, to join the greetings of speakers of many nations.

Many Suicides in Budapest

Budapest.—Twenty suicides have been reported during a period of 12 hours, many young persons being included. The causes given are unemployment and other distress.

### Move Reindeer Closer To Alaskan Railroad

Lack of Marketing Facilities Menaces Living of Eskimo Herders

Anchorage, Alaska.—A great reindeer drive which will take two years and for a spectacle rival the big trail movements of Texan herds in frontier days, will be undertaken in an effort to save an industry menaced by lack of marketing facilities.

Under the direction of George Ash, esfenter many thousand head of both government and privately-owned deer will be driven overland from the Arctic to Broad Pass on the Alaskan Railroad. The drove may be as large as 50,000.

A similar plan conceived two years ago by the Bureau of Education was abandoned for lack of funds.

Among the Eskimos who will participate are many skilled ivory carvers. They hope to create an Eskimo village near Cantwell, the centre of the southern reindeer industry. Mrs. Ashenfelter plans assembling a score of Eskimo women and opening a manufacturer of bead and skin work.

### RUST RESEARCH WORK CONTINUES TO BEAR FRUIT

Winnipeg.—Rust research workers continue their experiments to eliminate a menace which annually costs millions of dollars to the agriculturists of Western Canada, and at a conference here reports of steady progress were made. Interesting details were contained in reports submitted.

"It is not expected that a variety of wheat will be obtained that will be entirely resistant to all the biological forms of rust and desirable from every standpoint," declared Dr. C. H. Goulden, a member of the research laboratory plant here.

Dr. Goulden, however, was confident "strains will be obtained which combine partial resistance to the most virulent forms of rust, together with earliness and good milling quality."

The finding of such varieties, said Dr. Goulden, would reduce the loss from rust throughout Western Canada by 75 per cent.

### Will Have Charge Of Two Departments

Hon. J. C. Elliott, Minister of Labor, To Have Extra Work

Ottawa.—The department of soldiers civil re-establishment, it is stated, will very shortly be placed under the administration of the minister of labor. Hon. J. C. Elliott. There is no intention, it is understood, to absorb the functions of soldiers' civil re-establishment in the department of labor. Official announcement on the matter will probably be made within the next week.

The department of health is also being brought under the administration of the minister of labor. This department, though, will not be absorbed in the department of labor.

#### Proposes Rural Credit Board

Winnipeg.—A board of three men composed of a banker, business man, and a farmer, to administer Manitoba's rural credit system is advocated by Hon. T. C. Norris, Liberal leader. The rural credit now is administered by a government department.

#### Anniversary Of Confederation

Ottawa.—In a speech today Hon. Mr. Lewis gave notice of a motion asking parliament to make preparations for the celebration of the sixtieth anniversary of Confederation next year.

#### British Schoolboys for Canadian Farms

Here are some of the party of twenty-five British schoolboys who arrived in Montreal recently under the plan of the Canadian Pacific Railway and Macdonald Agricultural College, St. Anne de Bellevue, Quebec, where they will receive a training in the rudiments of Canadian farm methods and will later be placed on farms. The combination of college training and farm employment should give each student a good working start when he finally acquires his own farm. The group shown above was photographed at the C.P.R. Windsor Station, Montreal, on arrival.

### WANT BLUE SKY LEGISLATION FOR WESTERN CANADA

#### Says Technique Of Peace Is Ended

Military Training in Canadian Schools A Mistake Opinion of Women Member

Edmonton.—Another effort is to be made by the Alberta Government in conjunction with Saskatchewan and Manitoba to secure action by the Dominion Government authorities in the way of blue sky regulations affecting char companies.

Premier Browne will take the matter up as one of the items of his forthcoming Ottawa trip, and he expects the three provinces concerned will try jointly to get the convention to act on the subject.

"We have dressed up a grinning monster in place of patriotism," she said. "War is made out to be the greatest adventure. We all react to military music. All want to do the knightly and heroic thing. Real patriotism is the contribution to our upward climb. It is a mistake to have military training in all the great schools of Canada. We are each personally responsible for the thrusting of a military machine onto the youth and children of the country. There is a general feeling that it has gone long enough, but a terrible depression afterwards," said Agnes Macphail, M.P. for Southeast Grey, who addressed a meeting here.

## Items of Local and General Interest

Joseph T. Shaw, of Calgary, has been chosen Liberal leader for Alberta.

Miss Aileen Picard has entered the local hospital to undergo an operation for appendicitis.

The Laramie curling rink paid a dividend of seven per cent this season to the shareholders.

The infant son of Mr. and Mrs. Tony Veprava died on Monday night, following a few days' illness.

Miss Lillian Crowder left for Calgary on Saturday, where she takes a position with the Alberta government telephones.

The wild geese at Jack Miner's ponds this year are estimated to number 5000, about one thousand more than last year.

The collection at a lecture given in the Ritz-Carlton hotel at Montreal by Dr. Wilfred T. Greatorex amounted to over six hundred dollars.

Miss Mildred Passmore left here last week for Victoria, where she fills the position of telegraph operator in the Empress hotel for the summer months.

A donation of ten dollars was received from Mr. E. G. Montgomery, Kimberley, B.C., towards the Alberta Crows' Nest First Aid Association, for which the committee extends their thanks.

A High River boy was recently fined \$20 and costs for entering beer parlors and drinking beer, while under the age of twenty-one. He entered several places and in all of them claimed to be of the full age.

The Edmonton Grads, who have been world champion girl basketballers for several years, lost their title recently to Cleveland. The Edmonton girls were at a great disadvantage, as they played a game every day for eight days before meeting defeat.

In connection with the draw in aid of the Alberta Crows' Nest Pass First Aid Association, which will take place at a whist drive and dance on or about May 15th, tickets can be purchased from any member of the committee at Blairmore, Bellevue or Hillcrest.

The social committee of the local I.O.O.F. Lodge will put on a special dance in the Lodge Hall on Wednesday night next, April 28th. The hall will be decorated and there will be balloons, streamers and confetti galore. A tasty supper will be served at midnight, and the music will be supplied by Mason's four-piece orchestra.

J. W. Wainwright, grand keeper of records and seals for the Alberta Grand Lodge, Knight of Pythias, is visiting Pass lodges this week. A most enthusiastic meeting took place at Hillcrest, on Tuesday night, at which he was officially received and royally entertained. Bro. Wainwright visits Coleman today, tonight, and will be the guest of Livingston Lodge No. 22, here, tomorrow night. All members of the lodge, as well as visiting knights, are urged to attend.

Burbank is dead, and now knows more than he could guess at concerning Providence and the hereafter. He said, in a hasty moment, that he did not believe an all-powerful and merciful God would create weak human beings, knowing exactly what they would do when created, and then bury them through all eternity. He, Burbank, would not treat one of his plants that way. For expressing his views, he was overwhelmed with reproaches and many abusive letters from well-meaning believers. His doctor says the abuse undoubtedly shortened the old man's life. He was seventy-seven. —Ex.

John Barbour died at Coleman on Friday last, following a kick from a horse.

Canada leads the countries of the world in the generation of electric power per capita.

As we go to press we learn that Mrs. Berlin and Mrs. Donald McLennan are seriously ill.

According to Indian lore, the frogies must be frozen up three times before spring is finally here.

Up to April 16th, roads in parts of Nova Scotia were blocked with as much as six feet of snow on the level.

Bob Levitt, an ex-international board member of the U.M.W. of A., was in The Pass from Calgary during the week.

Mr. and Mrs. McNab returned to Macleod on Saturday, after a brief visit here with their daughter, Mrs. F. A. Wallace.

About the slowest thing we know nowadays are the young girls who take twenty-seven years to get past their nineteenth birthday.

Rev. Father Moriarty, the new incumbent of St. Anne's Catholic church, arrived here from Calgary on Saturday morning and officiated at the Sunday services, assigned by Father Cosman.

After the regular meeting of Crown Rebekah Lodge on Thursday night last, a handkerchief shower was held in honor of Sister H. J. Benson, who leaves shortly for an extended visit to relatives in the States.

A traveller returning from the Old Country says he was three months in England and never saw a drunk. Another man returned on the same boat and says he was three months drunk and never saw England. What you see all depends on what you are looking for.

Wifred Wheatley and family are leaving in a few days for Trail, B.C. Another addition to Trail's Allan Cup team, "Curly" has served well with the Blairmore team for several seasons and the best wished of all sport fans and others will follow him to his new scene of labors.

A meeting of the Blairmore Senior First Aid class will be held in the general office of the West Canadian Collieries, Limited, on April 25th, at 10 a.m. prompt. All members are urged to attend, also any other persons who are interested in forming teams to take part in the First Aid contest to be held at Coleman on July 1st.

A sale of work, home cooking and flowers will be held by the St. Luke's W.A. in the Lodge Hall from 2 to 6 p.m. on the afternoon of Saturday, May the 29th. Tea will be served and an added attraction will be a white elephant stall, which will be well worth the patronage of those looking for bargains. There will be something for everyone at this stall. In the evening a whist drive and dance will be held.

A most successful whist drive was held in the Lodge Hall last night, under the auspices of Greenhill Temple, Pythian Sisters. This drive completed the winter series, for which aggregate prizes were offered in addition to the regular prizes awarded during the season. The prize winners last night were as follows:

Ladies' first, Miss Alice Smith; second, Miss Fitzgerald; consolation, Mrs. B. Sensier. Gents' first, H. N. Schweigert; second, Pete Wasnock; consolation, David Kemp. The prizes for the best aggregate scores for the season went to Mrs. E. Hinds and Mr. W. Byers. Twenty-three tables were at play last night. Following luncheon, dancing was indulged in until two o'clock.

Sylvia McPherson says: "To get rid of a crowd of us—take up a collection."

A good substitute for a juvenile court would be compulsory training for parents.

"Tiny" Garrison left last week end for Sand Point, Idaho, where he has secured employment.

Don Lewis' new coupe was destroyed by fire on Main Street at Pincher Creek on Saturday last.

A joint meeting of the board of trade and town council will be held at the town hall tonight at 8 o'clock.

It is said that the proof of a good husband is that he will shave his bobbed-haired wife's neck and not kick about it.

While a half storm raged here this afternoon a Scotch grocer went out and secured some of the stuff to mix with his tapioca.

The marriage of Miss Helen Neuman to Mr. Benny Frank Marasek, both of Frank, was solemnized on Sunday last by the Rev. W. T. Young.

Government statistics show that the average wages per month paid to farm helpers in the summer of 1925 over the whole of Canada was forty dollars for men and twenty-two dollars for women.

It is said that migratory birds, impelled by a sense of smell, are making a detour this spring on their way north, going out to sea and roosting for the night on the spars of the run row schooners off the Atlantic coast.

An exchange advocates the lash as the only effective remedy for bootleggers. The rope, comments the Sydney Post, would be more appropriate for those who peddle certain brands of poison. And the asylum for those who are crazy enough to patronize them.

Somehow we kind of like the honest-to-goodness, suspender-wearing, hand-shaping, accommodating, rawboned, straight-eyed, children-and-dog-loving, God-fearing, booster-minded individual who always says, "If it's best for this community you can put me down for it."

"Tiny" Thompson, Vic. Ripley and Stewart Adams, products of school hockey in Calgary, who were with the Minneapolis club the past season, champions of the central league, have returned to Calgary. Thompson and Adams will play amateur baseball during the summer. Thompson was for several seasons connected with the Bellevue seniors as goalie.

The annual meeting of the Crows' Nest Pass Golf Association took place at Fernie on April 10th. Representatives were present from the golf clubs in Kimberley, Cranbrook, Fernie, Coleman, Blairmore and Pincher Creek. The object of the meeting was to make preliminary arrangements for the big tournament, which takes place at Cranbrook on June 5th, 6th and 7th.

home cooking, candies, etc., on Saturday,  
May 1st, in the Lodge Hall. Many useful  
articles will be on sale. Keep this date open and come out and  
help the girls.

BREAD!

The little boy of the family never  
finds it a burden to go for a loaf of  
bread to bread.The promise of a slice with jelly or  
jam turns the trick—Children have natural longings for  
substantial foods.Give them bread at meals and between  
meals.Bread is your Best Food—Eat  
more of it.
